SUMMARY OF QUALIFICATIONS – FRONT-END DEVELOPMENT & UX DESIGN

Software Development student with experience in UX/UI, web design, and creating interactive digital experiences. Skilled in wireframing, prototyping, user flows, and front-end collaboration using tools like Figma, React, and Adobe tools. I enjoy designing experiences that are visually engaging, accessible, and fun to use, especially when they involve storytelling, games, or playful interaction. Fluent in English and Portuguese.

EDUCATION

Associate's in Foreign Trade Technology Jan 2021 – Dec 2023 São Judas Tadeu University, Brazil

Bachelor of Applied Science, Software Development Sep 2023 – Present

Bellevue College, Bellevue, WA | Expected Graduation: 04/2027

- **AlbaniGo Language-Learning Web App (React, Node.js, Figma)**: Planned the feature roadmap and translated user research into development requirements, which led to a working prototype that achieved **100% success in usability task completion during testing**.
- **GioBBeauty Salon Website (React, Vite, Tailwind)**: Coordinated timeline, client feedback, and design iterations to launch a responsive booking website, resulting in a **40% faster appointment booking process and increased online scheduling adoption**.
- **MiniCloset Resale App UX Case Study (Figma / React)**: Conducted user research, redesigned key shopping flows, and improved interface clarity, boosting task completion success from **50% to 90% (80% improvement)**.
- **LaundryToGo Pickup & Delivery Platform (Figma / UX Research Project)**: Designed user flows and interactive prototype for laundry delivery scheduling; ran usability tests and reduced order placement time by 65% (from 2 min to 45 sec).

EXPERIENCE

President, Brazilian Club, Bellevue College – Bellevue, WA Sep 2024 – Present

- Led a student organization with 200+ members, planning cultural events and digital communications.
- Created promotional materials and digital content while aligning visual communication with user needs and event goals.
- Coordinate schedules, budgets, and cross-team communication.

Administrative Assistant, West Pharmaceutical Services - São Paulo, Brazil Jan 2019 – Jun 2021

- Managed document organization, scheduling, and internal communication.
- Supported team coordination and accurate information tracking.
